EDUCATION

Nişantaşı University Bachelor of Science in Computer Engineering 2021-2026

LANGUAGES

English B2

PROFESSIONAL SUMMARY

With a background in Computer Engineering and hands-on technical support experience, I am actively involved in hardware and software troubleshooting, system and application installation, and user support processes. I have experience in the installation and configuration of applications including Windows, Microsoft Office, Outlook, Teams, AutoCAD, and Revit.

In addition to RAM, SSD, and HDD replacements, computer setup, and user access management, I have a strong technical foundation in software development and system analysis through experience with Python, Java, SQL, Django, and Flask. I aim to contribute to IT support and technical operations by applying strong problem-solving skills and a solution-oriented approach.

PROFESSIONAL EXPERIENCE

TECHNICAL OFFICE – IT SUPPORT SPECIALIST

EKT ENGINEERING ELECTRICAL CONTRACTING INC.

DECEMBER 2025 – PRESENT | ISTANBUL

- Actively involved in the identification and resolution of computer, hardware, and software-related technical issues, as well as providing day-to-day technical support to users.
- Performed Windows operating system installations, system formatting, and basic system configuration.
- Managed the installation, configuration, and troubleshooting of Microsoft Office, Outlook, Teams, and other corporate applications.
- Supported the management of user accounts, password-related processes, and system/application access permissions.
- Performed hardware component replacements and upgrades, including RAM, SSD, and HDD.
- Analyzed hardware and software-related issues and implemented appropriate technical solutions.
- Actively involved in the installation, configuration, and troubleshooting of AutoCAD, Revit, and other engineering software.
- Provided timely solutions to users' day-to-day technical issues, contributing to the continuity and efficiency of internal operations.

PRODUCT / SOLUTION SPECIALIST

3-D BİLİŞİM

MARCH 2025 – NOVEMBER 2025 | ISTANBUL

- Managed product configuration, system setup, and technical analysis processes for enterprise NICE Nexidia Speech Analytics solutions.
- Configured speech-to-text infrastructures, analytics scenarios, and system settings for enterprise customers, including Corendon, Garanti BBVA, Ziraat Bankası, and Yapı Kredi.
- Supported AI model training by classifying call recordings and configuring keyword and filtering structures to improve analytics accuracy.
- Analyzed customer requirements and collaborated with technical teams to translate business needs into system configurations and functional solutions.
- Participated in system testing, User Acceptance Testing (UAT), and performance optimization activities to improve solution quality.
- Coordinated with cross-functional teams throughout product implementation, deployment, and go-live processes.
- Contributed to AI-powered analytics initiatives focused on improving data quality and increasing operational efficiency.

SOFTWARE DEVELOPMENT INTERN

EXEDRA HRTECH INTERNSHIP ACADEMY

JUNE 2023 – AUGUST 2023 | ISTANBUL

- Participated in a structured HRTech internship program covering software development, database systems, product management, and business analysis.
- Strengthened backend development and database management skills by developing applications using Python and SQL.
- Gained hands-on experience in the Software Development Life Cycle (SDLC), Agile methodologies, Scrum practices, and collaborative software development processes.
- Attended technical training programs delivered by professionals from Allianz, Bilgi Adam Academy, and other leading technology organizations, focusing on software engineering, project management, and modern software development practices.
- Participated in team-based software development activities, strengthening analytical thinking, problem-solving, and collaboration skills.
- Successfully completed the internship program and received participation and achievement certificates.

TECHNICAL SKILLS

Software Engineering	Tools	Programlama Dilleri	Database
• Object-Oriented Programming (OOP) • SOLID Principles • Design Patterns • Software Development Life Cycle (SDLC) • RESTful API • Clean Code • Debugging	• Git • GitHub • Android Studio • Visual Studio Code • IntelliJ IDEA • Selenium • Cursor AI • Claude AI • AutoCAD	• Python • Java • Dart • C/C++	• MySQL • SQLite • SQL
Product & Project Management	Framework & Technologies	Mobile Development	
• Agile Methodology • Scrum • Product Roadmap • Product Backlog • Requirement Analysis • User Story • Sprint Planning	• Django • Flask • Flutter • JavaFX • Fast API • Azure	• Responsive UI Development • Android Application Development
